- Upon completion of the training, you will have a Certificate of Participation as a prerequisite for the next step of certification. Participation in the DAVSC CoP.
- You will receive an invitation to join the exclusive DAVSC Community of Practice where you will find additional learning resources and receive further support.
- During the 3 months of active participation, you will prepare for certification and learn to apply your newly acquired skills.
- After 3 months of membership and practice in the community, you will be eligible to sit for the DAVSC exam.
- Pass the exam and receive your DAVSC certification.
- Certification is valid for one year and is renewable upon expiration.
PDU's: 21 means 21 hours of training, education, workshops, community of practise participation, practise application

Content

- Learn how to develop companies in an agile way to support a successful agile transformation.
- Help your customers initiate agile culture change. Show your customers how companies can align with their value proposition to find their Way of Working (WoW).
- Advise your customers so they can implement the DA® Toolkit effectively and efficiently.
- The training combines content from Lean Management, Value Stream Theory, Theory of Constraints and Agile Organization Development.

Dates

You can find dates for our live online trainings and presence trainings in the schedule overview on our website: www.alvission.training

Cost

Our current price list applies to open training courses. We will inform you in detail about the state funding opportunities for our training courses. We will be happy to advise you on our trainings and individual in-house trainings and to create a personal offer tailored to your company.

Your Learning Journey

We conduct our events as open trainings or in-house trainings. Individual learning, as flexible as you are: Choose your personally preferred form of learning from our various learning formats.

Live-Online Training

Training didactically developed for the online format with our online experts. In our live online trainings, participants experience interactive and hands-on training with a classroom feel. Participants work together on collaboration platforms in digital learning and practice rooms in real time. Learning success, fun and entertainment characterize our trainings.

Presence Training

Face-to-face training at one of our training locations or as an in-house event with our experienced trainers. Our trainings are based on innovative learning formats in combination with modern didactic and learning pedagogical concepts. With our experts we ensure your learning success.

About us
